No**Please briefly describe the issue.**

I have applied for my Application for Certificate of Citizenship and the Maryland Motor Vehicle Administration has been giving me temporary extensions of my driving privileges while I wait for my proof of U.S. citizenship. When I got my most recent temporary driver's license, I was told that this was my last extension and that when it expires in 45 days, I will not be able to drive. I work in Prince George's County and cannot get to my job without driving. Please contact USCIS for me!
